

4 australia genGREEN

A NATIONAL STUDY OF DEMAND FOR AND SUPPLY OF SKILLS FOR SUSTAINABILITY

DO YOU TEACH APPRENTICES OR TRAINEES?

WE WANT TO HEAR YOUR EXPERIENCES OF SKILLS & SUSTAINABILITY

WWW.GENGREEN.ORG.AU

Gen Green 4 Australia is a national study of the demand for and supply of skills for sustainability. We want to understand the reality of skills and sustainability to build a picture we can share with educators, governments and employers.

This is a unique opportunity for Australian VET teachers to have their voice heard in the decision-making around the demand for and supply of skills for sustainability.

We want to know about your experience in providing training related to environmental, social and economic impacts. Your perspective on the formation of these skills by apprentices and trainees and your personal experience of these skills is important.

We want to hear from teachers of apprentices and trainees in ALL skill areas! Take 10 minutes, go online @ www.gengreen.org.au and fill in the survey.

YOUR APPRENTICES AND TRAINEES

We are also seeking responses from your apprentices and trainees in a separate survey.

The Gen Green 4 Apprentice and Trainee survey will provide you with a good opportunity to revise previous learning about sustainability. The questions in the survey are designed to get students to reflect on their experiences of sustainability at work, in training and at home. Resources that facilitate a short session drawing out your students' reflections on skills and sustainability are available for you at www.gengreen.org.au.

WHO WE ARE

We are a partnership between WorldSkills Australia and Sustainably Pty Ltd supported by TAFE Directors Australian, International Green Skills Network and the National Centre for Sustainability, Swinburne University of Technology.

COMPLETE PRIVACY

This research has been subject to research ethics approval. All responses are confidential. Personal information will not be revealed or published.

ABOUT THE SURVEYS

The Gen Green 4 Australia Teacher Survey and the Gen Green 4 Australia Apprentice and Trainee Survey are open from 14 October 2013 to 20 December 2013. During this time the survey will be available online via www.gengreen.org.au or you can link via Facebook – Gen Green 4 Australia.

The surveys are made up of scaled responses and allow for additional free text answers. The surveys have been designed with help from experienced VET researchers at Deakin and La Trobe Universities and the questions are based on a series of three smaller surveys conducted between 2008 and 2012.

WANT TO KNOW MORE ABOUT THE PROJECT?

Visit www.gengreen.org.au and you'll find more information, as well as Gen Green 4 Australia marketing materials:

- A3 Poster
- Apprentice & Trainee flyer
- Teacher flyer
- Teacher Learning Resource
- Reports on the past surveys

Further questions to info@sustainably.net.au

The final report will be available in June 2014.
