

DIPLOMA OF SUSTAINABLE PRACTICE

COURSE CODE: HE20517

The Diploma of Sustainable Practice is a fully online course aimed at people who work, or are planning to work, in roles that incorporate sustainability into the core business of their organisation.

The course responds to the demand for people with broad knowledge and skills in sustainability practice, and the trend for all sectors of our economy and community to better to participate in a rapidly changing economy and regulatory environment.

The course also assists graduates to gain or maintain professional certification with the International Society of Sustainability Professionals (ISSP).

ENTRY REQUIREMENTS AND HOW TO APPLY

You must satisfy at least one of the following four entry requirements to be eligible for admission into this course:

- NSW HSC (Higher School Certificate) or equivalent; OR
- Recognised Tertiary Preparation Certificate; OR
- Certificate IV level or higher vocational qualification.

Note 1: You do not require an ATAR for entry into this course.

Note 2: If you do not meet any of the four minimum entry requirements, you may be able to apply for entry under special admissions provisions including mature age or disadvantage.

FEES

In 2017 domestic students will pay a tuition fee of \$1,000 per subject (a total of \$8,000 for the full Diploma*). This course attracts FEE-HELP, so eligible students can study now and pay later.

There may be additional costs to purchase resources required for individual subjects. The course coordinator can advise you of any additional course fees.
